### Romantic Escapes

By Hillary McNamara

The beaches, the water, the Aloha Spirit... It's hard to go wrong with a honeymoon in Hawaii. Romance is everywhere you turn. These 10 hotels and resorts are some of most decadent and dreamy on the Hawaiian Islands. Enjoy a beautiful sunset from the privacy of your beachfront cabana, explore the undersea world with your partner, or relax at one of the many award-winning spas.

### Ko'a Kea

**What:** Kauai's only luxury boutique, Ko'a Kea, was renovated in 2009 with honeymooners in mind. This low-key hotel on Poipu Beach skips over the man-made trappings of other resorts and instead emphasizes the serenity of its surroundings.

**Honeymoon Highlights:** The Tropical Desire Package includes breakfast, a one-hour couple's massage, three-course dinner for two, and a midsize rental car.
